Wireframe Design Document – Data Analysis Project

Document Title: Wireframe Design

Activity ID: M1.4 **Date:** 10.04.2025

Project Team ID: TP802 – S2 – 3 [Classroom – Slot – Team Number]

Project Team Name: Team 3

1. Description of the Activity

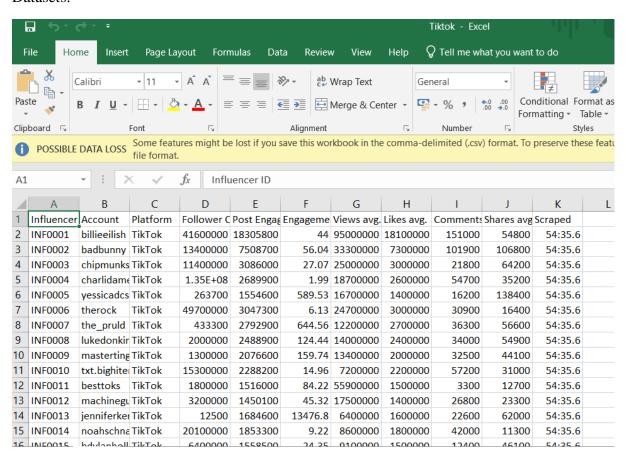

This activity involves designing the visual layout of key user interface components and dashboards. It helps stakeholders visualize the flow, layout, and structure of the analytical product before development begins. Wireframes can be designed using Figma, drawn on paper, or sketched on a whiteboard and uploaded as images.

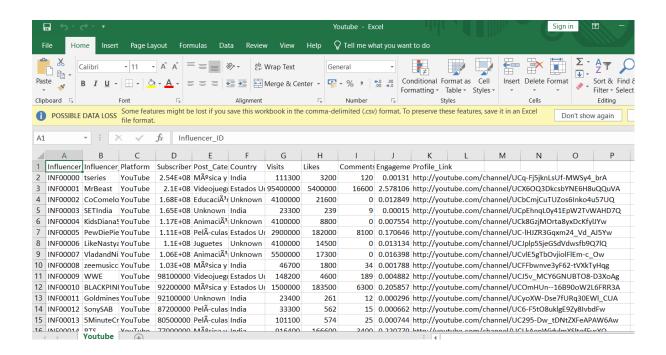

2. Tools Used

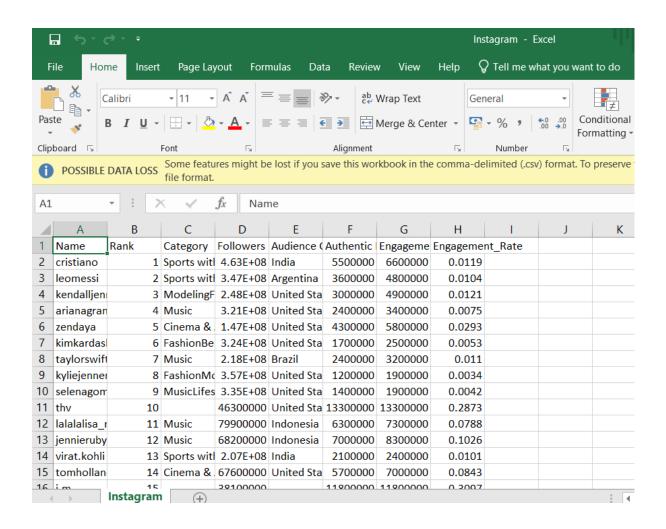

- Figma
- Excel
- PowerBI

3. Wireframe Snapshots / Upload Area
